

Date: 26/02/2019.

We had purchased Global Differential Pressure indicators along with the PC based SCADA on **TCP/IP communication** connected to the **21 CFR Part 11 SCADA Software** for monitoring the LAF's Differential Pressure.

| S. No | Location of SCADA PC & Secure Viewer PC | SCADA configuration | Model of the Indicator |
|-------|---|--|------------------------|
| 1 | Module A, Module B, Module C, Module E, PF1 Block, Central warehouse, Formulation Block, Module F | 300 Tags along with 6 Secure viewer client Systems | DPI-101(48 numbers) |

All the instruments and SCADA is working well since March 2016 and we are pleased with the performance of instrument, SCADA and the support from Global Electronics

Thanks & Regards,

K. Suresh
