TO WHOM IT MAY CONCERN

Recently we have procured 2 Nos of Micro Processor Based P^H Controller for our Bio Chemical Unit at Bidar from M/s. GLOBAL ELECTRONICS. Their performance is very smooth during last one year and we have been continuing our production efforts without any problem. Depending on our needs we incorporated other parameters also to our best satisfaction. I personally feel they are still much scope of improvement and development of the same equipment for other allied operations.

A handwritten signature in cursive script, appearing to read 'Dr. J. Chakravarty'.

DR. J. CHAKRAVARTY
General Manager (Technical)
